EDUCATION

Computer Science and Artificial Intelligence
Cairo University

09/2019 - Present

Courses

- Object-Oriented Programming
- Algorithms
- Software Modeling
- Java EE 7.0
- Data Structures
- Software Engineering
- Software Architecture
- Software Testing

High School
Atef Barakat Primary School

08/2018 - 07/2019

PERSONAL PROJECTS

Flutter tasks
- Samples for flutter tasks are provided in my GitHub profile in "Fcai-Flutter-Tasks" Repo.

Non-trival software system
- Cairo University Project that practice on the concepts that I have learned during the software architecture course

Trip scheduling system
- Cairo University Project using Angular for Frontend, Spring Boot for Backend and MySQL for Database
- Containerization project using Docker into 3 containers: Frontend container, Backend container and Database container
- Deploying containers into OpenShift as containerized service

Market Website
- Cairo University Project that practice on the concepts that I have learned during the Web Engineering course

Go To Bus
- Cairo University Project that provide several Web Services in the Backend

SKILLS

Java C++ Dart Flutter

Design Patterns Software Modeling

Algorithms ICDL Testing Foundations

Containerization Git Self-learning

Team Worker Hard Worker

CERTIFICATES

Red Hat Application Development I: Programming in Java EE (AD183)

Red Hat OpenShift I: Containers & Kubernetes (DO180)

Flutter Certificate
Flutter Certificate from Cairo University Workshop

ISTQB Software Testing Foundation Level
Certificate of Profession from ISTQB

LANGUAGES

Arabic
Native or Bilingual Proficiency

English
Professional Working Proficiency

INTERESTS

Programming Soccer
