Objective

Seeking an internship in the programming field especially that concern software engineering to apply acquired knowledge and skills for the benefit of the company's projects. As an undergraduate computer science student, I'm eager to develop technical and interpersonal skills through working in various projects, aiming to continue professional growth and development.

Education

Bachelor of science in Software Engineering, expected May 2023, Cairo University, Faculty of Computer and Artificial Intelligence, Giza, Egypt.

-Major: software Engineering (Credit Hour Program in Cairo University).

-Significant Coursework: Data Structure, Object Oriented Programming, Structured Programming,Project Management & Technical Writing, Data Base Engineering, Software Requirement Analysis, Algorithms Analysis and Design.

-**Thanawya Amma**, august 2019 (95%) El-Obour Language School, Giza.

Programming experience

- ❖ C++: linked list, sorting, stacks, queues.
- ❖ Java: software modelling to design good coherent design.
- ❖ Python: basics of python.
- ❖ SQL: write queries to solve problems.
- ❖ Prolog

Training experience

- ❖ Summer training internship provided by programming credit hours educational program to hold ISTQB certificate.   (August 2022)
- ❖ Red Hat OpenShift I: Containers & Kubernetes 4.10
- ❖ Red Hat application development 1: programming in java EE
- ❖ Red Hat System Administration I 8.2
- ❖ Kotlin Bootcamp for Programmers
- ❖ Advanced Android Kotlin Development nano degree program

Interests and Activities

❖ Swimming, Driving and Cooking.

❖ Streamer e-sport league of legends gaming video.
